A. Read the following and circle the right option to complete the text.

...../16 (2 points each)

The theory of multiple intelligences.....¹ a major transformation in the way our schools work. It suggests that teachers² to present their lessons in a wide variety of ways using music, cooperative learning, art activities, etc.³, their classes should include activities for each type of intelligence. The good news is that many educators around the world⁴ this theory to redesign the way they⁵ children. The bad news is that there are thousands of schools that teach in the same old⁶ way, through long lectures and textbooks. The challenge is to get this information out to many more teachers, school administrators, and others⁷ work with children,⁸ each child will have the opportunity to learn in ways harmonious with their unique minds.
